

The district recognizes that the state of New Mexico is raising speed limits on some highways, effective May 6, 1996. This policy is enacted to help ensure the continued safe transportation of the district's students.

While traveling on interstate highways, all buses transporting district students will limit their speed to 65 miles per hour or the posted speed limit, whichever is less. While traveling on other highways, all buses transporting district students will limit their speed to 55 miles per hour or the posted speed limit, whichever is less.

Failure of drivers and/or contractors to adhere to this policy may result in termination of employment and/or contract, subject to approval of the Board of Education.

This policy is effective May 2, 1996.
