

PHILOSOPHY

We believe.....

- that all students in the community of Lordsburg must be provided equal opportunity for educational growth to the optimum degree of their potential regardless of age, race, creed, disability, sex or economic status.
- the school shares with the home, the church and community agencies, the responsibility for developing in all students a lifetime love of learning and the knowledge, skills, habits, understandings, attitudes and character traits essential for choosing and participating in a vocation; for creating good human relationships; for achieving responsible, contributing citizenship; and for enriching personal life.

MISSION STATEMENT

- The Lordsburg Municipal Schools develop academic excellence and physical fitness through educational programs which incorporate a variety of instructional approaches. Emphasizing communication and employability skills, the district prepares students for ethical and productive participation in a multicultural global society.

DISTRICT GOALS

Each student will demonstrate the skills, knowledge and attributes of:

- *A self-motivated, lifelong learner*
- *A rational and ethical decision-maker*
- *A collaborative and responsible worker*
- *A culturally sensitive community contributor*
- *A technologically skilled researcher/communicator*
- *A health-conscious participant in physical recreation*
- *A mathematically and scientifically literate problem-solver*
