

FIELD TRIPS

633

Field trips must be planned within the context of the school program and must be appropriate for the age level, grade level, and curriculum. Due to limitations imposed by local conditions, field trips may be limited by the superintendent.

All field trips must have specific prior approval by the superintendent far enough in advance so that arrangements can be made for the trip. Before any student is taken from the school grounds on a field trip, written permission shall be obtained from the parent or guardian. Transportation shall be provided only by school bus or other District vehicles.
