

Formation of student groups which will enrich and extend student educational experiences are subject to the following regulations:

1. Before it can be recognized as a school group and be given use of school time and facilities, the club must be approved, in accordance with established criteria, by the principal.
2. Membership must be open to all students except where the purpose of the club requires qualifications (honor society, for example), and in no case will such qualification be based solely or in part on individual student's race, color, creed or sex.
3. The club must have a faculty sponsor or advisor approved by the principal.
4. Clearly improper purposes and activities are prohibited, and if persisted in, will be cause for withdrawing official approval of the group.
5. School groups are not permitted to use the school name in participating in public demonstrations or other activities outside the school unless prior permission has been granted by the principal.
